

Zoe's Club[®]

Saving Money With Style

The Zoe's Club[®] Reading Award was created to encourage children to read. Reading is essential for a child's successful future. Reading can be fun, if the topic is interesting, and engages the child. It is also important to read to the child because it increases their listening skills and concentration. Because each child is unique, they will have the freedom to select the books they want to read. Make sure one book is read to the child.

Date Completed	To Do
	Read "Zoe Gets a Job."
